

## Accepted Manuscript

Dynamic changes of dissolved organic matter in membrane bioreactors at different organic loading rates: Evidence from spectroscopic and chromatographic methods

Tahir Maqbool, Jinwoo Cho, Jin Hur

PII: S0960-8524(17)30305-X

DOI: <http://dx.doi.org/10.1016/j.biortech.2017.03.035>

Reference: BITE 17739

To appear in: *Bioresource Technology*

Received Date: 27 January 2017

Revised Date: 26 February 2017

Accepted Date: 5 March 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
