Role of steel slags on biomass/carbon dioxide gasification integrated with recovery of high temperature heat

Yongqi Sun, Qianyi Liu, Hao Wang, Zuotai Zhang, Xidong Wang

PII: S0960-8524(16)31434-1
DOI: <http://dx.doi.org/10.1016/j.biortech.2016.10.028>
Reference: BITE 17183

To appear in: *Bioresource Technology*

Received Date: 22 August 2016
Revised Date: 7 October 2016
Accepted Date: 8 October 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Role of steel slags on biomass/carbon dioxide gasification
integrated with recovery of high temperature heat**
