Ammonia tolerant inocula provide a good base for anaerobic digestion of microalgae in third generation biogas process

Ahmed Mahdy, Ioannis A. Fotidis, Enrico Mancini, Mercedes Ballesteros, Cristina González-Fernández, Irini Angelidaki

PII: S0960-8524(16)31607-8

DOI: <http://dx.doi.org/10.1016/j.biortech.2016.11.086>

Reference: BITE 17332

To appear in: *Bioresource Technology*

Received Date: 14 October 2016

Revised Date: 20 November 2016

Accepted Date: 21 November 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Ammonia tolerant inocula provide a good base for anaerobic digestion of microalgae in third generation biogas process
