

Accepted Manuscript

Assessment of maturity indices of rock phosphate enriched composts using variable crop residues

P.C. Moharana, D.R. Biswas

PII: S0960-8524(16)31364-5
DOI: <http://dx.doi.org/10.1016/j.biortech.2016.09.097>
Reference: BITE 17120

To appear in: *Bioresource Technology*

Received Date: 6 July 2016
Revised Date: 12 September 2016
Accepted Date: 17 September 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Title Page**Title:**

Assessment of maturity indices of rock phosphate enriched composts using variable crop residues

Authors' name: P.C. Moharana ^{A,B}, D.R. Biswas ^{A,C}

Affiliations:

^A Division of Soil Science and Agricultural Chemistry,
Indian Agricultural Research Institute,
New Delhi 110 012, India

^C **Corresponding author: Dr. D. R. Biswas**

Principal Scientist
