

## Accepted Manuscript

Title: A capacitance-based solution to monitor absolute crack length in four-point bending test: Modelling and experiments

Author: Fabien Volpi Huiyuan Lu Yun Li Ahmad Ahsan Nawaz Sylvain Fournier Fabrice Mège Muriel Braccini

PII: S0924-4247(16)31178-5  
DOI: <http://dx.doi.org/doi:10.1016/j.sna.2016.12.017>  
Reference: SNA 9948

To appear in: *Sensors and Actuators A*

Received date: 7-6-2016  
Revised date: 15-11-2016  
Accepted date: 16-12-2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
