

## Accepted Manuscript

### Fatigue Crack Behavior in Power Plant Residual Heat Removal System Piping Including Weld Residual Stress Effects

S. Taheri, A. Fatemi

PII: S0142-1123(16)30367-X  
DOI: <http://dx.doi.org/10.1016/j.ijfatigue.2016.11.004>  
Reference: IJF 4119

To appear in: *International Journal of Fatigue*

Received Date: 12 September 2016  
Revised Date: 2 November 2016  
Accepted Date: 3 November 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
