

## Accepted Manuscript

Title: Mechanical strength of welding zones produced by polymer extrusion additive manufacturing

Authors: Chelsea S. Davis, Kaitlyn E. Hillgartner, Seung Hoon Han, Jonathan E. Seppala

PII: S2214-8604(16)30311-6  
DOI: <http://dx.doi.org/doi:10.1016/j.addma.2017.06.006>  
Reference: ADDMA 186

To appear in:

Received date: 13-11-2016  
Revised date: 5-5-2017  
Accepted date: 15-6-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

# Mechanical strength of welding zones produced by polymer extrusion additive manufacturing<sup>†</sup>
