Performance assessment of basalt FRCM for retrofit applications on masonry

Gian Piero Lignola, Carmelo Caggegi, Francesca Ceroni, Stefano De Santis, Piotr Krajewski, Paulo B. Lourenço, Mattia Morganti, Catherine (Corina) Papanicolaou, Carlo Pellegrino, Andrea prota, Luigia Zuccarino

PII: S1359-8368(16)33104-3

DOI: [10.1016/j.compositesb.2017.05.003](https://doi.org/10.1016/j.compositesb.2017.05.003)

Reference: JCOMB 5026

To appear in: *Composites Part B*

Received Date: 15 December 2016

Revised Date: 12 April 2017

Accepted Date: 5 May 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
