The effect of impactor shape on the low-velocity impact behavior of hybrid corrugated core sandwich structures

Jingxi Liu, Wentao He, De Xie, Bo Tao

PII: S1359-8368(16)31864-9

DOI: [10.1016/j.compositesb.2016.11.060](https://doi.org/10.1016/j.compositesb.2016.11.060)

Reference: JCOMB 4753

To appear in: *Composites Part B*

Received Date: 5 September 2016

Revised Date: 15 November 2016

Accepted Date: 26 November 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**The effect of impactor shape on the low-velocity impact behavior of hybrid
corrugated core sandwich structures**
