

## Accepted Manuscript

Effect of cooling rate and the original matrix on the thermal diffusion alloyed intermetallic layer on magnesium alloys

Dongzhu Lu, Qichao Zhang, Wencheng Wang, Fang Guan, Xiumin Ma, Lihui Yang, Xiutong Wang, Yanliang Huang, Baorong Hou

PII: S0264-1275(17)30134-X  
DOI: doi: [10.1016/j.matdes.2017.02.006](https://doi.org/10.1016/j.matdes.2017.02.006)  
Reference: JMADE 2746  
To appear in: *Materials & Design*  
Received date: 21 December 2016  
Revised date: 3 February 2017  
Accepted date: 5 February 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Effect of cooling rate and the original matrix on the  
thermal diffusion alloyed intermetallic layer on  
magnesium alloys
