

Accepted Manuscript

Title: Simulation of light scattering properties of material surface considering the specific morphology information

Author: Yaodong Wang Guibo Chen

PII: S0030-4026(16)31584-4

DOI: <http://dx.doi.org/doi:10.1016/j.ijleo.2016.12.034>

Reference: IJLEO 58664

To appear in:

Received date: 22-10-2016

Accepted date: 10-12-2016

Please cite this article as: Yaodong Wang, Guibo Chen, Simulation of light scattering properties of material surface considering the specific morphology information, *Optik - International Journal for Light and Electron Optics* <http://dx.doi.org/10.1016/j.ijleo.2016.12.034>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Simulation of light scattering properties of material surface considering the specific morphology information

Yaodong Wang, Guibo Chen*
