

Accepted Manuscript

Developing a methodology for estimating the drag in front-crawl swimming at various velocities

Kenzo Narita, Motomu Nakashima, Hideki Takagi

PII: S0021-9290(17)30062-3

DOI: <http://dx.doi.org/10.1016/j.jbiomech.2017.01.037>

Reference: BM 8109

To appear in: *Journal of Biomechanics*

Accepted Date: 28 January 2017

Please cite this article as: K. Narita, M. Nakashima, H. Takagi, Developing a methodology for estimating the drag in front-crawl swimming at various velocities, *Journal of Biomechanics* (2017), doi: <http://dx.doi.org/10.1016/j.jbiomech.2017.01.037>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Short Communication

Developing a methodology for estimating the drag in front-crawl swimming at various velocities

Kenzo Narita^a, Motomu Nakashima^b and Hideki Takagi^{c*}

^a Doctoral Program in Physical Education, Health and Sport Sciences, University of Tsukuba

^b Department of Systems and Control Engineering, Tokyo Institute of Technology

^c Faculty of Health and Sport Sciences, University of Tsukuba
