

## Accepted Manuscript

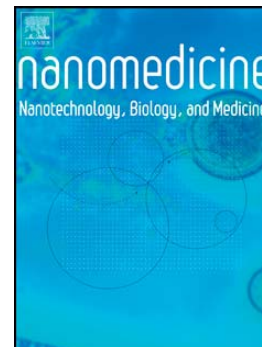

Chitosan enhances nanoparticle delivery from the reproductive tract to target draining lymphoid organs

Jaehyung Park, Renuka Ramanathan, Linhchi Pham, Kim A. Woodrow

PII: S1549-9634(17)30073-4  
DOI: doi: [10.1016/j.nano.2017.04.012](https://doi.org/10.1016/j.nano.2017.04.012)  
Reference: NANO 1571

To appear in: *Nanomedicine: Nanotechnology, Biology, and Medicine*

Received date: 29 December 2016  
Revised date: 29 March 2017  
Accepted date: 11 April 2017

Please cite this article as: Park Jaehyung, Ramanathan Renuka, Pham Linhchi, Woodrow Kim A., Chitosan enhances nanoparticle delivery from the reproductive tract to target draining lymphoid organs, *Nanomedicine: Nanotechnology, Biology, and Medicine* (2017), doi: [10.1016/j.nano.2017.04.012](https://doi.org/10.1016/j.nano.2017.04.012)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**CHITOSAN ENHANCES NANOPARTICLE DELIVERY FROM THE  
REPRODUCTIVE TRACT TO TARGET DRAINING LYMPHOID ORGANS**
