

## Accepted Manuscript

Nanoparticle passage through porcine jejunal mucus: microfluidics and rheology

Sourav Bhattacharjee, Eugene Mahon, Sabine M. Harrison, Jim McGetrick, Mohankumar Muniyappa, Stephen D. Carrington, David J. Brayden

PII: S1549-9634(16)30213-1  
DOI: doi: [10.1016/j.nano.2016.11.017](https://doi.org/10.1016/j.nano.2016.11.017)  
Reference: NANO 1477

To appear in: *Nanomedicine: Nanotechnology, Biology, and Medicine*

Received date: 15 June 2016  
Revised date: 9 November 2016  
Accepted date: 23 November 2016

Please cite this article as: Bhattacharjee Sourav, Mahon Eugene, Harrison Sabine M., McGetrick Jim, Muniyappa Mohankumar, Carrington Stephen D., Brayden David J., Nanoparticle passage through porcine jejunal mucus: microfluidics and rheology, *Nanomedicine: Nanotechnology, Biology, and Medicine* (2016), doi: [10.1016/j.nano.2016.11.017](https://doi.org/10.1016/j.nano.2016.11.017)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

The study was funded by the European Union Seventh Framework Programme (FP7 / 2007-2013) under grant agreement n° 281035 (TRANS-INT). SB would like to thank Patsy Kearns and Delyan Hristov (UCD) for technological assistance while Dr. Jean-Christophe Gimel (University of Angers, France) for stimulating discussions.

The authors declare no conflicts of interest.
