This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Valuing Variable Annuities with
Guaranteed Minimum Lifetime Withdrawal Benefits**

Petra Steinorth and Olivia S. Mitchell

March 31, 2015

The researchers acknowledge support from the Boettner Center/Pension Research Council at The Wharton School of the University of Pennsylvania, and the TIAA-CREF Institute. They also appreciate comments provided by Benny Goodman, Michael Heller, Alexander Kling, Christian Knoller, Raimond Maurer, Richard Peter, David Richardson, and Stephen Utkus, though opinions and errors are solely those of the authors and not of the institutions with whom the authors are affiliated. © 2015 Steinorth and Mitchell.
