(*) **Antonio Gilberto Marchesini** received his BS and MS from University of São Paulo (Brazil), and his PhD from Federal University of São Carlos. He has been developing activities as consultant in operations management for the last 20 years. His areas of expertise are lean operations, Quick Response Manufacturing, lead time reduction and inventory management.

(*) **Moacir Godinho Filho** is a professor in the Department of Industrial Engineering, Federal University of São Carlos (Brazil). He received his BS from the Federal University of São Carlos, his MBA from Fundação Getúlio Vargas (Brazil), MS, and his PhD from the Federal University of São Carlos. Professor Godinho Filho was a visiting scholar in the Department of Industrial and Systems Engineering, University of Wisconsin at Madison (USA) and also in the Edward P. Fitts Department of Industrial and Systems Engineering, North Carolina State University (USA). Professor Godinho Filho has published approximately 100 papers in journals with a selective review process. His areas of interest are: production planning and control, lean manufacturing, lead time reduction, logistics, and supply chain management.
