Temperature oscillations and sound waves in hadronic matter

G. Wilk, Z. Włodarczyk

PII: S0378-4371(17)30645-3

DOI: <http://dx.doi.org/10.1016/j.physa.2017.06.006>

Reference: PHYSA 18391

To appear in: *Physica A*

Received date: 15 March 2017

Revised date: 2 June 2017

Please cite this article as: G. Wilk, Z. Włodarczyk, Temperature oscillations and sound waves in hadronic matter, *Physica A* (2017), <http://dx.doi.org/10.1016/j.physa.2017.06.006>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Tsallis distributions decorated with log-periodic oscillations.
Temperature oscillations in sound waves.
Scale invariance and self-similarity as the causes of log-periodicity.
