

Accepted Manuscript

Cat swarm optimization based evolutionary framework for multi document summarization

Rasmita Rautray, Rakesh Chandra Balabantaray

PII: S0378-4371(17)30212-1

DOI: <http://dx.doi.org/10.1016/j.physa.2017.02.056>

Reference: PHYSA 18036

To appear in: *Physica A*

Received date: 20 December 2016

Revised date: 20 January 2017

Please cite this article as: R. Rautray, R.C. Balabantaray, Cat swarm optimization based evolutionary framework for multi document summarization, *Physica A* (2017), <http://dx.doi.org/10.1016/j.physa.2017.02.056>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Highlights

- An evolutionary approach based multi document summarization is proposed.
- The document summarization has been done using Cat Swarm Optimization algorithm.
- The summarizer is validated over DUC dataset.
