Monitoring petroleum fuel adulteration: a review of analytical methods

Bhanu Prasad Vempatapu, Pankaj K. Kanaujia

PII: S0165-9936(16)30417-4

DOI: [10.1016/j.trac.2017.04.011](https://doi.org/10.1016/j.trac.2017.04.011)

Reference: TRAC 14917

To appear in: *Trends in Analytical Chemistry*

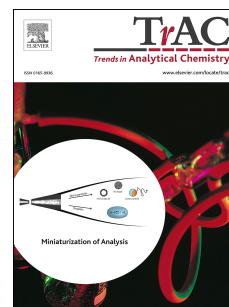

Received Date: 22 December 2016

Revised Date: 12 April 2017

Accepted Date: 20 April 2017

Please cite this article as: B.P. Vempatapu, P.K. Kanaujia, Monitoring petroleum fuel adulteration: a review of analytical methods, *Trends in Analytical Chemistry* (2017), doi: 10.1016/j.trac.2017.04.011.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Monitoring petroleum fuel adulteration: a review of analytical methods

Bhanu Prasad Vempatapu, Pankaj K. Kanaujia*
