Title: The emerging role of multiplex tandem mass spectrometry analysis for therapeutic drug monitoring and personalized medicine

Author: Decosterd LA, Widmer N, André P, Aouri M, Buclin T

PII: S0165-9936(15)30160-6

DOI: <http://dx.doi.org/doi: 10.1016/j.trac.2016.03.019>

Reference: TRAC 14710

To appear in: *Trends in Analytical Chemistry*

Please cite this article as: Decosterd LA, Widmer N, André P, Aouri M, Buclin T, The emerging role of multiplex tandem mass spectrometry analysis for therapeutic drug monitoring and personalized medicine, *Trends in Analytical Chemistry* (2016), <http://dx.doi.org/doi: 10.1016/j.trac.2016.03.019>.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**The Emerging Role of Multiplex Tandem Mass Spectrometry Analysis  
for Therapeutic Drug Monitoring and Personalized Medicine**
