Title: Mass spectrometry in the therapeutic drug monitoring of direct oral anticoagulants. Useful or useless?

Author: Douxfils Jonathan, Pochet Lionel, Lessire Sarah, Vancraeynest Christelle, Dogné Jean-Michel, Mullier François

PII: S0165-9936(15)30177-1

DOI: <http://dx.doi.org/doi: 10.1016/j.trac.2016.01.029>

Reference: TRAC 14671

To appear in: *Trends in Analytical Chemistry*

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Mass spectrometry in the therapeutic drug monitoring of direct oral anticoagulants.**Useful or useless?**
