Halogen atom transfer mechanism of iron-catalyzed direct arylation to form biaryl using Density Functional Theory calculations

Qinghua Ren, Shanshan An, Zhilei Huang, Ningning Wu, Xiaoyan Shen

PII: S0022-328X(17)30332-7

DOI: [10.1016/j.jorganchem.2017.05.035](https://doi.org/10.1016/j.jorganchem.2017.05.035)

Reference: JOM 19961

To appear in: *Journal of Organometallic Chemistry*

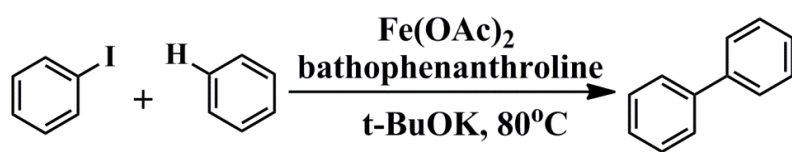

Received Date: 27 January 2017

Revised Date: 14 May 2017

Accepted Date: 17 May 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
