Investigation of Polyvinylchloride and Cellulose Acetate Blend Membranes for Desalination

Ayman El-Gendi, Heba Abdallah, Ashraf Amin, Shereen Kamel Amin

PII: S0022-2860(17)30741-X
DOI: 10.1016/j.molstruc.2017.05.122
Reference: MOLSTR 23863
To appear in: *Journal of Molecular Structure*
Received Date: 05 April 2017
Revised Date: 09 May 2017
Accepted Date: 26 May 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Investigation of Polyvinylchloride and Cellulose Acetate Blend Membranes for Desalination
