

Accepted Manuscript

Long term change in chemical properties of preindustrial charcoal particles aged in forest and agricultural temperate soil

Brieuc Hardy, Jens Leifeld, Heike Knicker, Joseph E. Dufey, Koen Deforce, Jean-Thomas Cornéllis

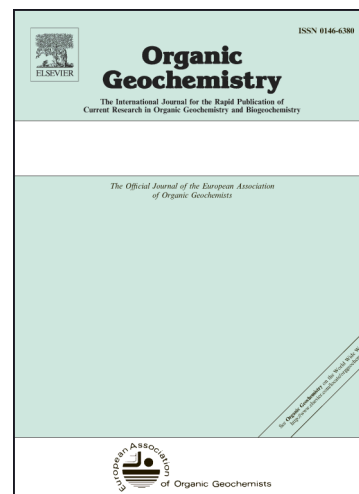

PII: S0146-6380(16)30141-3
DOI: <http://dx.doi.org/10.1016/j.orggeochem.2017.02.008>
Reference: OG 3515

To appear in: *Organic Geochemistry*

Received Date: 22 August 2016
Revised Date: 15 February 2017
Accepted Date: 22 February 2017

Please cite this article as: Hardy, B., Leifeld, J., Knicker, H., Dufey, J.E., Deforce, K., Cornéllis, J-T., Long term change in chemical properties of preindustrial charcoal particles aged in forest and agricultural temperate soil, *Organic Geochemistry* (2017), doi: <http://dx.doi.org/10.1016/j.orggeochem.2017.02.008>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Long term change in chemical properties of preindustrial charcoal particles aged in forest and agricultural temperate soil
