

Accepted Manuscript

Clay-organic association as a control on hydrocarbon generation in shale

Habibur M. Rahman, Martin Kennedy, Stefan Löhr, David N. Dewhurst

PII: S0146-6380(17)30054-2

DOI: <http://dx.doi.org/10.1016/j.orggeochem.2017.01.011>

Reference: OG 3507

To appear in: *Organic Geochemistry*

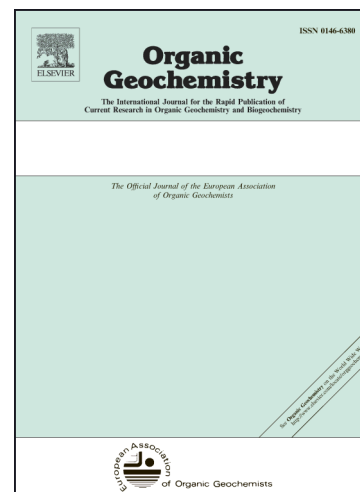

Received Date: 1 June 2016

Revised Date: 22 December 2016

Accepted Date: 23 January 2017

Please cite this article as: Rahman, H.M., Kennedy, M., Löhr, S., Dewhurst, D.N., Clay-organic association as a control on hydrocarbon generation in shale, *Organic Geochemistry* (2017), doi: <http://dx.doi.org/10.1016/j.orggeochem.2017.01.011>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Clay-organic association as a control on hydrocarbon generation in shale
