

Accepted Manuscript

n-Alkane distribution and carbon stable isotope composition in leaf waxes of C₃ and C₄ plants from Angola

Tanja Badewien, Angela Vogts, Jürgen Rullkötter

PII: S0146-6380(15)00175-8

DOI: <http://dx.doi.org/10.1016/j.orggeochem.2015.09.002>

Reference: OG 3316

To appear in: *Organic Geochemistry*

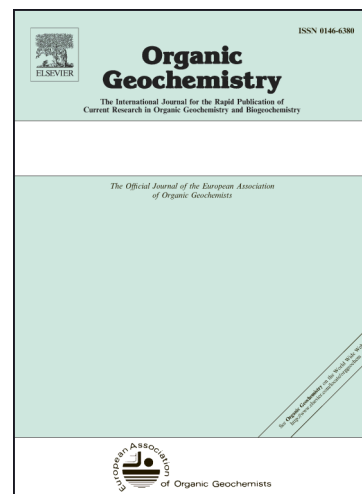

Received Date: 25 February 2015

Revised Date: 1 August 2015

Accepted Date: 5 September 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

1 *n*-Alkane distribution and carbon stable isotope composition in leaf waxes of C₃ and C₄ plants
2 from Angola
