Effect of molecular weight on the shear-induced crystallization of poly(lactic acid)

Amirjalal Jalali, Shant Shahbikian, Michel A. Huneault, Saïd Elkoun

PII: S0032-3861(17)30142-8

DOI: [10.1016/j.polymer.2017.02.017](https://doi.org/10.1016/j.polymer.2017.02.017)

Reference: JPOL 19418

To appear in: *Polymer*

Received Date: 23 September 2016

Revised Date: 31 January 2017

Accepted Date: 4 February 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## The Graphical Abstract

**Title of the paper:** Effect of molecular weight on the shear-induced crystallization of poly(lactic acid)
