Compressive response of multiple-particles-polymer systems at various strain rates

J.T. Fan, J. Weerheijm, L.J. Sluys

PII: S0032-3861(16)30181-1

DOI: [10.1016/j.polymer.2016.03.041](https://doi.org/10.1016/j.polymer.2016.03.041)

Reference: JPOL 18533

To appear in: *Polymer*

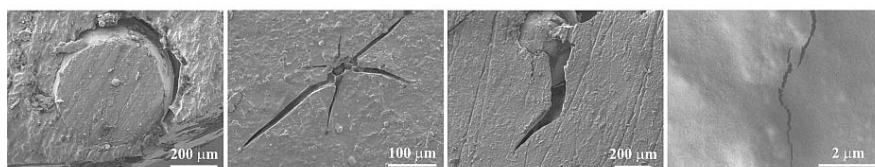

Received Date: 1 October 2015

Revised Date: 23 February 2016

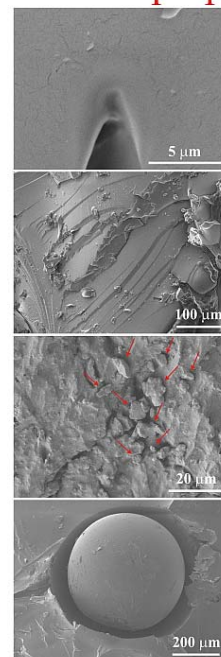

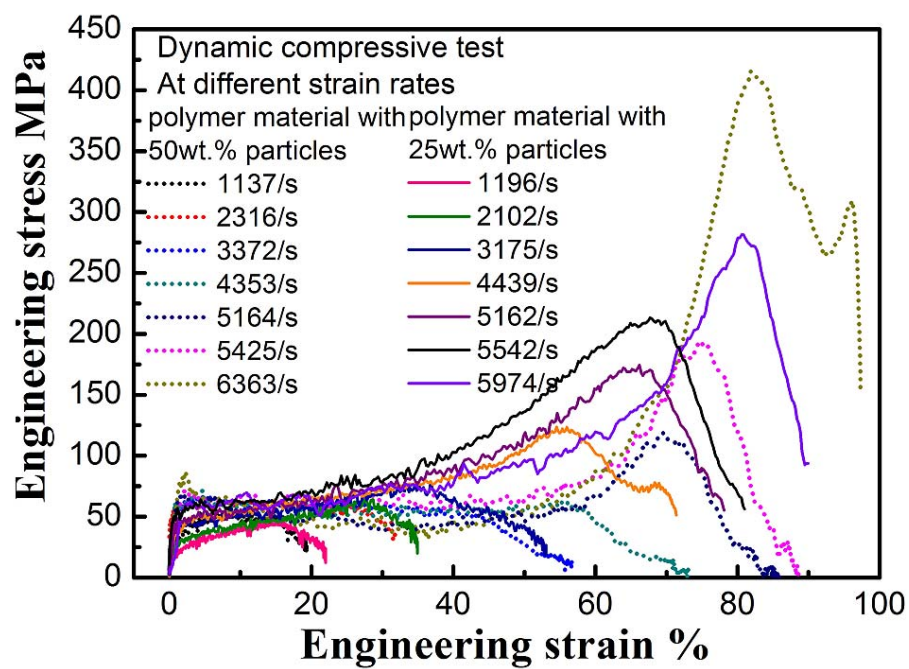

Accepted Date: 14 March 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

damage
strain rate
mechanical property
