This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Graphical Abstract

**Substituent-directed Reduction of Cyclic
Aminals Leading to Two Different
Heterocycles Selectively: Syntheses of
Functionalized Nicotines and Pyrido[2,3-
b]azepines**

Yuewei Zhang, Lianyou Zheng, Fengzhi Yang, Zhuoqi Zhang, Qun Dang and Xu Bai*
