**Grignard allylic substitution reaction catalyzed by 1,2,3-triazol-5-ylidene magnesium complexes**

pp 1360–1363

Ryosuke Nomura, Yuji Tsuchiya, Hiroyuki Ishikawa, Sentaro Okamoto*

The S_N2' -selective Grignard-allylic substitution reactions were effectively catalyzed by 1,2,3-triazol-5-ylidene magnesium complexes generated in situ from 1,3,4-trisubstituted 1,2,3-triazolium salts and the Grignard reagent.
