Title: In situ one-step hydrothermal synthesis of oxygen-containing groups-modified g-C₃N₄ for the improved photocatalytic H₂-evolution performance

Authors: Xinhe Wu, Fengyun Chen, Xuefei Wang, Huogen Yu

PII: S0169-4332(17)32374-7
DOI: <http://dx.doi.org/doi:10.1016/j.apsusc.2017.08.050>
Reference: APSUSC 36887

To appear in: *APSUSC*

Received date: 9-7-2017
Revised date: 5-8-2017
Accepted date: 7-8-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

In situ one-step hydrothermal synthesis of oxygen-containing groups-modified g-C₃N₄ for the improved photocatalytic H₂-evolution performance
