Title: Sandblasting induced stress release and enhanced adhesion strength of diamond films deposited on austenite stainless steel

Authors: Xiao Li, Jiansong Ye, Hangcheng Zhang, Tao Feng, Jianqing Chen, Xiaojun Hu

PII: S0169-4332(17)30907-8
DOI: <http://dx.doi.org/doi:10.1016/j.apsusc.2017.03.214>
Reference: APSUSC 35590

To appear in: *APSUSC*

Received date: 4-11-2016
Revised date: 18-3-2017
Accepted date: 23-3-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Sandblasting induced stress release and enhanced adhesion strength
of diamond films deposited on austenite stainless steel
