Title: Electrochemical synthesis of one-dimensional ZnO nanostructures on ZnO seed layer for DSSC applications

Authors: T. Marimuthu, N. Anandhan, R. Thangamuthu

PII: S0169-4332(17)32765-4
DOI: <http://dx.doi.org/10.1016/j.apsusc.2017.09.116>
Reference: APSUSC 37195

To appear in: *APSUSC*

Received date: 7-8-2017
Revised date: 12-9-2017
Accepted date: 13-9-2017

Please cite this article as: T.Marimuthu, N.Anandhan, R.Thangamuthu, Electrochemical synthesis of one-dimensional ZnO nanostructures on ZnO seed layer for DSSC applications, *Applied Surface Science* <http://dx.doi.org/10.1016/j.apsusc.2017.09.116>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Electrochemical synthesis of one-dimensional ZnO nanostructures on ZnO seed layer for DSSC applications
