Title: Investigation of the effect of laser parameters on the target, plume and plasma behavior during and after laser-solid interaction

Authors: A. Stancalie, S. Ciobanu, D. Sporea

PII: S0169-4332(17)30599-8
DOI: <http://dx.doi.org/doi:10.1016/j.apsusc.2017.02.226>
Reference: APSUSC 35335

To appear in: *APSUSC*

Received date: 29-11-2016
Revised date: 9-2-2017
Accepted date: 26-2-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Investigation of the effect of laser parameters on the target, plume and plasma behavior during and after laser-solid interaction
