Title: Evolution Effects of the Copper Surface Morphology on the Nucleation Density and Growth of Graphene Domains at Different Growth Pressures

Author: Seyed Mahdi Hedayat Javad Karimi-Sabet Mojtaba Shariaty-Niassar

PII: S0169-4332(16)32854-9
DOI: <http://dx.doi.org/doi:10.1016/j.apsusc.2016.12.126>
Reference: APSUSC 34673

To appear in: *APSUSC*

Received date: 19-8-2016
Revised date: 30-10-2016
Accepted date: 15-12-2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Evolution Effects of the Copper Surface Morphology on the Nucleation
Density and Growth of Graphene Domains at Different Growth Pressures**
