

Accepted Manuscript

Title: Metal organoclays with compacted structure for truly physical capture of hydrogen

Author: M. Nazir Tahir Radia Sennour Vasilica Alisa Arus
Lamyaa M. Sallam René Roy Abdelkrim Azzouz

PII: S0169-4332(16)32711-8
DOI: <http://dx.doi.org/doi:10.1016/j.apsusc.2016.12.011>
Reference: APSUSC 34558

To appear in: *APSUSC*

Received date: 13-10-2016
Revised date: 15-11-2016
Accepted date: 2-12-2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Metal organoclays with compacted structure for truly physical capture of hydrogen
