

Accepted Manuscript

Title: RF Plasma based Selective Modification of Hydrophilic Regions on Super Hydrophobic Surface

Author: Jaehyun Lee Sangyeon Hwang Dr. Dae-Hyun Cho
Dr. Jungwoo Hong Prof. Jennifer H. Shin Prof. Doyoung Byun

PII: S0169-4332(16)32229-2
DOI: <http://dx.doi.org/doi:10.1016/j.apsusc.2016.10.113>
Reference: APSUSC 34207

To appear in: *APSUSC*

Received date: 14-6-2016
Revised date: 17-10-2016
Accepted date: 18-10-2016

Please cite this article as: Jaehyun Lee, Sangyeon Hwang, Dae-Hyun Cho, Jungwoo Hong, Jennifer H. Shin, Doyoung Byun, RF Plasma based Selective Modification of Hydrophilic Regions on Super Hydrophobic Surface, Applied Surface Science <http://dx.doi.org/10.1016/j.apsusc.2016.10.113>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

RF Plasma based Selective Modification of Hydrophilic Regions on Super Hydrophobic Surface
