Title: Surface hydrophobization by electrostatic deposition of hydrophobically modified poly(acrylates) and their complexes with surfactants

Author: Ioana Cătălina Gîfu Monica Elisabeta Maxim Alina Iovescu Elena Livia Simion Ludmila Aricov Mihai Anastasescu Cornel Munteanu Dan-Florin Anghel

PII: S0169-4332(16)30472-X
DOI: <http://dx.doi.org/doi:10.1016/j.apsusc.2016.03.036>
Reference: APSUSC 32802

To appear in: *APSUSC*

Received date: 8-2-2016
Revised date: 3-3-2016
Accepted date: 4-3-2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Surface hydrophobization by electrostatic deposition of hydrophobically modified poly(acrylates) and their complexes with surfactants
