Title: The influence of the substrate on the adhesive strength of the micro-arc oxidation coating developed on TiNi shape memory alloy

Author: Shy-Feng Hsieh Shih-Fu Ou Chia-Kai Chou

PII: S0169-4332(16)31856-6
DOI: <http://dx.doi.org/doi:10.1016/j.apsusc.2016.09.001>
Reference: APSUSC 33929

To appear in: *APSUSC*

Received date: 5-3-2016
Revised date: 30-8-2016
Accepted date: 1-9-2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**The influence of the substrate on the adhesive strength of the micro-arc
oxidation coating developed on TiNi shape memory alloy**
