Title: Influence of hydrophobic and superhydrophobic surfaces on reducing aerodynamic insect residues

Author: K. Ghokulla Krishnan Athanasios Milionis Eric Loth Thomas E. Farrell Jeffrey D. Crouch Douglas H. Berry

PII: S0169-4332(16)31965-1

DOI: http://dx.doi.org/doi:10.1016/j.apsusc.2016.09.096

Reference: APSUSC 34025

To appear in: APSUSC

Received date: 7-6-2016 Revised date: 31-8-2016 Accepted date: 19-9-2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
