

## Accepted Manuscript

Thiazotropsin aggregation and its relationship to molecular recognition in the DNA minor groove

Marie-Virginie Salvia, Fiona Addison, Hasan Y. Alniss, Niklaas J. Buurma, Abedawn I. Khalaf, Simon P. Mackay, Nahoum G. Anthony, Colin J. Suckling, Maxim P. Evstigneev, Adrián Hernandez Santiago, Roger D. Waigh, John A. Parkinson

PII: S0301-4622(13)00071-9  
DOI: doi: [10.1016/j.bpc.2013.04.001](https://doi.org/10.1016/j.bpc.2013.04.001)  
Reference: BIOCHE 5655

To appear in: *Biophysical Chemistry*

Received date: 27 March 2013  
Revised date: 19 April 2013  
Accepted date: 19 April 2013

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

# Thiazotropsin aggregation and its relationship to molecular recognition in the DNA minor groove
