Accepted Manuscript

Visible light activated degradation of organic pollutants using zinc-iron selenide

Ikram Ahmad, Sher Bahadar Khan, Tahseen Kamal, Abdullah M. Asiri

PII: S0167-7322(16)32690-3

DOI: doi:10.1016/j.molliq.2016.12.061

Reference: MOLLIQ 6744

To appear in: Journal of Molecular Liquids

Received date: 10 September 2016 Revised date: 12 December 2016 Accepted date: 16 December 2016

Please cite this article as: Ikram Ahmad, Sher Bahadar Khan, Tahseen Kamal, Abdullah M. Asiri, Visible light activated degradation of organic pollutants using zinc-iron selenide, *Journal of Molecular Liquids* (2016), doi:10.1016/j.molliq.2016.12.061

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
