Title: Variable range hopping and positive magnetoresistance in n type semiconductor CuIn_3Se_5

Author: S.M. Wasim L. Essaleh G. Marín J. Galibert

PII: S0025-5408(16)32356-X
DOI: <http://dx.doi.org/doi:10.1016/j.materresbull.2016.12.003>
Reference: MRB 9045

To appear in: *MRB*

Received date: 23-5-2016
Revised date: 28-11-2016
Accepted date: 4-12-2016

Please cite this article as: S.M.Wasim, L.Essaleh, G.Marín, J.Galibert, Variable range hopping and positive magnetoresistance in n type semiconductor CuIn_3Se_5 , Materials Research Bulletin <http://dx.doi.org/10.1016/j.materresbull.2016.12.003>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Variable range hopping and positive magnetoresistance in n type semiconductor CuIn_3Se_5
