

# Accepted Manuscript

Cathodic plasma electrolysis for preparation of diamond-like carbon particles in glycerol solution

Jie Wu, Longlong Fan, Lei Dong, Jianhua Deng, Dejun Li, Yifan Zhang, Wenbin Xue

PII: S0254-0584(17)30520-5

DOI: [10.1016/j.matchemphys.2017.07.011](https://doi.org/10.1016/j.matchemphys.2017.07.011)

Reference: MAC 19818

To appear in: *Materials Chemistry and Physics*

Received Date: 16 December 2016

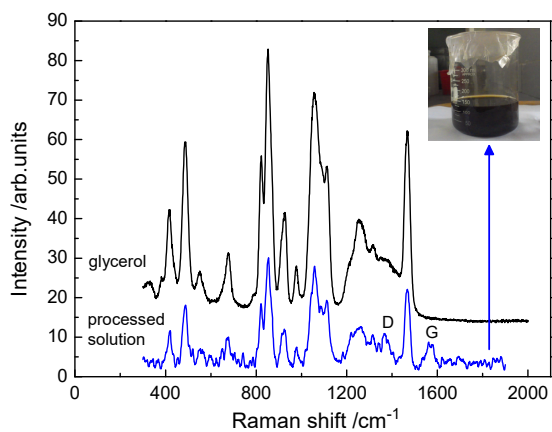

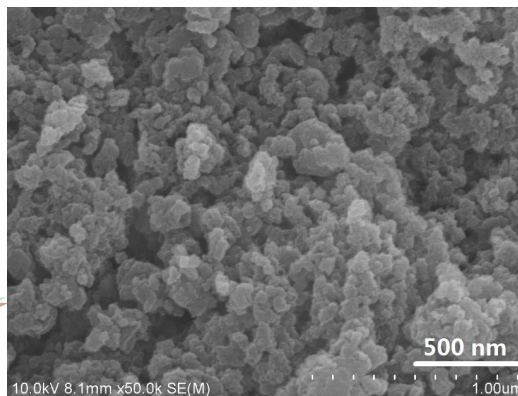

Revised Date: 27 May 2017

Accepted Date: 2 July 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

glycerol solution after cathodic  
plasma electrolysis

extracted diamond-like  
carbon particles
