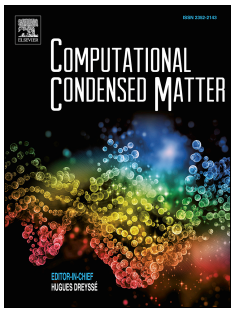
Accepted Manuscript



The fractal peculiarities of graphene and intercalated graphite

V.N. Davydov

PII: S2352-2143(17)30072-2

DOI: 10.1016/j.cocom.2017.08.002

Reference: COCOM 84

To appear in: *Computational Condensed Matter*

Received Date: 9 April 2017

Revised Date: 7 July 2017

Accepted Date: 9 August 2017

Please cite this article as: V.N. Davydov, The fractal peculiarities of graphene and intercalated graphite, *Computational Condensed Matter* (2017), doi: 10.1016/j.cocom.2017.08.002.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
