

Author's Accepted Manuscript

Deformation mechanisms for superplastic behaviors in a dual-phase high specific strength steel with ultrafine grains

Wei Wang, Muxin Yang, Dingshun Yan, Ping Jiang, Fuping Yuan, Xiaolei Wu

PII: S0921-5093(17)30906-1
DOI: <http://dx.doi.org/10.1016/j.msea.2017.07.011>
Reference: MSA35259

To appear in: *Materials Science & Engineering A*

Received date: 6 June 2017
Revised date: 4 July 2017
Accepted date: 6 July 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Deformation mechanisms for superplastic behaviors in a dual-phase high specific strength steel with ultrafine grains
