Influence of thermal treatments on the mechanical properties and the martensitic transformation in Fe-Pd-Mn ferromagnetic shape memory alloy

F.G. Bonifacich, J.I. Pérez-Landazábal, O.A. Lambri, P.B. Bozzano, V. Sánchez-Alarcos, J.A. García, G.I. Zelada, V. Recarte, G.J. Cuello

PII: S0921-5093(16)31490-3

DOI: <http://dx.doi.org/10.1016/j.msea.2016.12.012>

Reference: MSA34443

To appear in: *Materials Science & Engineering A*

Received date: 29 September 2016

Revised date: 27 November 2016

Accepted date: 1 December 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain
