

Author's Accepted Manuscript

A novel and simple technique for development of dual phase steels with excellent ductility

H. Ashrafi, M. Shamanian, R. Emadi, N. Saeidi

PII: S0921-5093(16)31325-9
DOI: <http://dx.doi.org/10.1016/j.msea.2016.10.098>
Reference: MSA34300

To appear in: *Materials Science & Engineering A*

Received date: 30 August 2016
Revised date: 16 October 2016
Accepted date: 26 October 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and a review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**A novel and simple technique for development of dual phase steels with
excellent ductility**
