pH-Responsive Poly(vinylidene fluoride) Membranes Containing a Novel Poly(vinylidene fluoride)-poly(acrylic acid) Block Copolymer Blending Material

Lei Chen, Yao Wu, Yuanzi Li, Xuan Zhang, Jieshu Qian

PII: S0167-577X(17)31306-X

DOI: <http://dx.doi.org/10.1016/j.matlet.2017.08.126>

Reference: MLBLUE 23103

To appear in: *Materials Letters*

Received Date: 19 July 2017

Revised Date: 23 August 2017

Accepted Date: 24 August 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
