Coordination of a three-level supply chain
(supplier-manufacturer-retailer) with permissible delay in payments
and price discounts

Salem M. Aljazzar , Mohamad Y. Jaber , Lama Moussawi-Haidar

PII: S0307-904X(17)30273-1
DOI: [10.1016/j.apm.2017.04.011](https://doi.org/10.1016/j.apm.2017.04.011)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Highlights

- Develops a three-level supply chain with delay in payments and price discounts
- Length of a delay in payment is a decision variable-nine possible scenarios
- Seventy-two cases of delay in payments with price discounts were considered
- Extensive analysis was performed with practical findings provided
